3. The final acceptance of any tender rests with the President, City Municipality, who does not bind himself to accept the lowest or any tender.

4. The name of the successful tenderer whose tender has been accepted will be pasted on the notice board in the President's Office in due course.

5. No enquiries regarding the acceptance or rejection of a tender will receive any attention.

6. The successful tenderer will be required to execute a bond within a week after the acceptance of his tender. In default, the tenderer will forfeit his earnest money and his contract will be considered null and void. The work should be completed within ten days from the date of the said bond.

7. The earnest money of rejected tenderers will be returned to them, on the above or any subsequent date by the President, City Municipality.

8. Any particulars regarding the installations may be ascertained at the Municipal Engineer's Office during office hours.

K. P. PUTTANNA CHETTY,
Honorary President.

MYSORE DISTRICT.

Notice dated 6th June 1916.

The Superintending Engineer, Cauvery Reservoir Works, intimates in his letter No. 264 (Camp), dated 21st May 1916, that during the coming high floods in July and August next a portion of the Yelwal-Hassan road with the Lakshmanatirtha bridge at Sagarkatte may come under submersion in the bed of the Cauvery Reservoir for a few days and that this portion of the road cannot be used by travellers from Mysore to Yedatore side and back.

The public are therefore warned of the inconvenience they will be put to by using the said portion of the road with the Lakshmanatirtha bridge at Sagarakatte during the coming floods. The Lakshmanatirtha bridge at Hunsur with the road from that place to Yedatore may be used instead of the Yelwal-Hassan road passing through Sagarakatte.

M. CHENNARAJ URS,
For *Deputy Commissioner.*

MYSORE PUBLIC WORKS DEPARTMENT.

FORM OF ADVERTISEMENT.

1. Notice is hereby given that sealed tenders will be received at the office of the Superintendent, Cauvey Reservoir Dam Works, up to 25th June 1916, for supply of Dindiga and Honne poles. An approximate estimate of quantities of each kind, with dimensions is given below. These quantities are not guaranteed. The supply shall commence from 15th July 1916 and continue till 30th June 1917.

2. Tenders should be submitted on the printed forms which may be obtained from the Superintendent. The tenders should be accompanied by a statement in the form given below, showing the rates at which the different items specified will be executed :—

Particulars	Dimensions	Estimated quantity	Unit	Rate
Dindiga poles	4′ to 4½′×3″ dia.	4,000		
Do	6′×5½″ to 4″ „	500		
Do sleepers	4½′×4″×3″	3,000		
Do do	6′×4″×6″	200		
Honne wood scantlings	15′×8″×6″	200		
Do	12′×7″×5″	200		
Do	3½′×8″×6″	200		
Do	3½′×7″×5″	200		

3. Each tender must be accompanied by a deposit of Rs. 200 in cash, or Government promissory notes, as earnest money, and be superscribed "Tenders for supply of Dindiga and Honne wood poles or sleepers" for the $\frac{\text{North}}{\text{South}}$ Bank of the Cauvery Reservoir Works, in default of which, tenders will be rejected.

4. The final acceptance of any tender will rest with the Superintending Engineer, Cauvery Reservoir Works, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

5. Within eight days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond, in default of which, his tender will be considered cancelled, and his earnest money will be forfeited.

6. The name of the successful competitor whose tender has been accepted, will be posted on the notice board in the Superintendent's Office in the due course. No enquiries regarding the acceptance or rejection of a tender will receive any reply.

7. On acceptance of one of the tenders the earnest money of the rejected tenders will be returned.

8. Tenders should be given separately for the South and North Banks.
